Mr. Stanwood R. Morss
R.R. #3
Bradford, Mass. 01830

Dear Mr. Morss:

This will acknowledge your letter reporting reception of our CBC Low Power Relay Transmitter on 1190 kHz on January 9, 1967.

This LPRT is located at Canso, Nova Scotia and has been assigned the call letters CBAR and operates on a power of 40 watts. Since these LPRTs do not broadcast their call letters, I cannot definitely varify this reception, but from the description in your letter, it would seem that you were listening to CBAR.

I am enclosing a complimentary copy of 'CBC Times' our weekly program guide for Radio and Television shows.

I would like to take this opportunity to thank you for your letter.

Yours very truly,

Peter MacGillivray
